ACRE FINISHING CHECKLIST

ARE YOU GOING TO APPLY A PAINT OR STAIN TO YOUR ACRE PRODUCT?

Yes!
I want to paint or stain my ACRE product.

Is your paint or stain acrylic / water based?

Yes!
It says it on the can. It even says soap and water cleanup in the instructions.

Is the LRV of your paint or stain color greater than 55?

Yes!
I know the LRV and it is greater than 55.

Great! - Choose an approved coating from our Coatings Guide at **modern-mill.com**.

No. I don't think so. Wait a minute, what's LRV?

STOP!
Do not apply the finish! Safe coatings choices are available. Let us help you navigate. Call your local Modern Mill sales rep for assistance.

No. I don't think so.

No
I like the natural look of ACRE.

So do we! However, we strongly recommend applying a protective finish. Contact us for available options.

WE'RE HERE TO HELP.

Before you get started on your ACRE project, visit our website for more information on installations and coatings.
